CLEVELAND, OHIO.
Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co. Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any oil or mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

EMPIRE
INSURANCE COMPANY,
Union Springs, N. Y.
CAPITAL.........................$100,000.

THE Directors of the Empire Insurance Company feel confident that the plan of Insurance adopted by them will meet with a hearty response from a discerning public. Our Charter and By-Laws require that the applications received shall be divided into two or more classes. Dwelling Houses, and property of similar hazard, only, can be insured in the First Class, excluding Taverns, Work-shops, School-houses, Seminaries, Churches, and other kinds of hazardous property, usually taken in the so-called "Farmers' Companies," or "Farmers' Departments." This will render the EMPIRE emphatically a "FARMERS' COMPANY."

They submit for the judgment of their fellow citizens the following summary of their plan of operations:

1. Policies will be divided into distinct Classes, the funds of each class being kept separate, and each paying its own losses. The notes given in one Class are not liable for losses happening in the other.

2. Any applicant may, at his option, pay a definite sum in full for his insurance, in lieu of giving his note.

3. The First Class to consist of dwelling houses and other farm buildings and personal property therein. Not more than two-thirds of the value of any building to be insured; but the personal property therein may be insured to its cash value.

4. The Second Class to consist of Churches, School-houses and Seminary buildings, Work-shops, Taverns, Stores, Mills propelled by water power, &c., and personal property therein.

5. Not more than $3000 will be taken on one risk.

6. Steam Mills of all kinds, Distilleries, Cotton and Woolen Factories, Powder and Oil Mills, Furnaces, Machine Shops, and other extra hazardous property will not be taken in this company.

7. This Company will hold itself responsible for the correctness of all surveys and other official acts of its authorized agents, thus ending all cavil as to the technical correctness of surveys, and the consequent liability of the Company.

8. Any policy-holder may at pleasure withdraw from the Company by paying his share of the losses up to the time of such withdrawal.

9. This Company will adjust all claims with promptness and liberality, and if at any time a difference shall arise between the parties, the same may be settled by a mutual reference in the county where the loss shall have occurred.

10. Additional stoves may be set up, or moved from one room to another, without giving notice to the Company; also, such repairs as do not increase the hazard of the property, need not be notified.

11. This Company will pay losses caused by lightning, whether the buildings are burned or otherwise damaged.

12. Should any more money be collected than sufficient to keep the company in a sound condition, it will be returned to the policy holders in proportion as each shall have paid in.

The Directors, in soliciting patronage for the Empire Insurance Company, do so in the firm conviction that the plan will be found as CHEAP and SAFE as any company can be made. In arranging their Rates of Hazard, and the kinds of property to be insured in each class, they have sought to secure sufficient cash premiums to meet all losses; laying by the small notes taken as a Reserve Fund, which shall render the Company perfectly safe against all contingencies.

For a more definite and full view of their plan of operations, they respectfully invite an examination of their Rates of Hazard and Classification of Property to be insured.

NEW YORK
MUTUAL BENEFIT ASSOCIATION,
Union Springs, N. Y.

THIS Association is formed for the mutual relief of its members in case of sickness or accident. A careful examination of its principles, and its beneficent objects, is respectfully solicited. The character and standing of the Board of Directors is a guaranty that the money received will be safely preserved, and faithfully devoted to the objects proposed. The progress of HEALTH INSURANCE, within the past few years, in localities where its principles have been understood, and its beneficent results practically seen and felt, is unparalleled.

Men are literally binding themselves together to bear one another's burdens. No kind of Insurance can be so generally useful as that of Health; for most people are dependent upon it as the capital which enables them to procure the means of livelihood. Hence, when by disease or accident this is gone, all is gone; and either an unpleasant dependence on friends, or poverty and pauperism, is the consequence. It is not presumed that accident or the ravages of disease can be prevented; but by a wise forethought, a fountain may be provided, which, when the hand of affliction does come, will soften its asperities, and secure a comfortable support for yourself or family.

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2800 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Song for Hungary.

AIR—"GERMAN PATRIOTIC SONG."

In Eastern climes there is a land—
A bounteous land, a noble land
Of vine clad hills and gushing rills,
Whose sons should be as proudly free
As thine Columbia in thee—
That land is struggling Hungary!

A cloud hangs darkling o'er that land—
That noble land by patriots manned
Now groans beneath the Tyrant's power
And darker yet that cloud may lower
One star of Hope they yet behold—
Our Nation's guest, the Magyar bold!

He dares to plead his Country's cause—
That holy cause—for Freedom's laws,
And shouts of nations cheering on,
Until his triumph shall be won,
And Hungary stand among the free
Of nations in her Liberty!

That land no tyrant shall enslave!—
O! God of Battles guard the brave
Who bled for Home and Liberty
Thine arm shall let the oppressed go free,
Bring Hope to bleeding Hungary—
Her trust, her anchor, is in Thee

The day has come when tyrants know
That *Right* is Might among men below
That God is with that noble few
Whose hearts are to their country true—
Peal, song, again—*thou shalt be free*,
God guards thee, rising Hungary!

Editor's Correspondence of the Albany Evening Journal

Letters from Mr. Weed---No. 32.

Trieste, April 28

The Steamer Arch Duke Frederick, on board of which we left Venice last Evening brought us across the Adriatic Sea in 9 hours. Steamers now run every day between Venice and Trieste, and unless the business should be largely increased they are not likely to be annoyed by competition. There were scarcely Passengers enough to pay for Fuel. We see nothing, or very little of "Opposition" in Europe. In most places there is hardly enterprise enough to keep up a single line. The only touch of "Opposition" I have seen was at Civita Vecchia, the day after Holy Week, when, it being known that large numbers of People would leave, another Boat came on, taking Passengers at half price to Leghorn, Genoa and Marseilles.

Trieste, as you know, is the principal Port and most Commercial City of Austria. It is among the few *modern* Cities of the Ancient World—Its Harbor is easy of access and every way safe and commodious. The City contains over 70,000 inhabitants and is growing rapidly. Several War Steamers lay moored within the Mole where most of the Shipping lies, and two large Ships of War ride at Anchor outside—There are three American Ships in Port discharging Cotton.

Trieste, springing up as it has with comparative suddenness, attracted Merchants from all parts of the world. Among its active, wealthy Merchants are English, American, Greek, Italian, Armenian, &c. Its Sailors are mostly Dalmatians. All languages are spoken here, but the Italian predominates.

Here you begin to experience the inconvenience of a depreciated Currency. Gold, in Venice, when I left, bore a Premium of twenty-four per cent. The Currency of Austria is now the worst in the world. The Notes of the National Bank are twenty per cent below par. Most of its Silver (Zwanzigers) are debased. If, for a Paper Florin or a Zwanziger change is coming back, you are asked to take "Shinplasters" (such as circulated with us during and immediately after the War) representing three, six, ten and twelve cents.

LAYBACH April 30

We have been two days coming by Vetturino from Trieste to this place. In coming out of Trieste you climb a mountain several thousand feet above the sea. The road is so circuitous that, having travelled five miles and reached the summit of the mountain the City lies at your feet from which, by an air line, you are not over a mile. Having attained this height you travel twenty miles over rough rocks and boulders thrown together in great confusion by some violent spasm of Nature. The road is Macadamized but as heavily loaded wagons are passing over it, pulverizing the lime, the wind that is constantly sweeping over the mountain raises blinding clouds of dust.

Throughout most parts of Europe, Roads, for the purposes to which we devote them, are entirely useless. We have travelled over them for days and almost weeks without meeting a loaded vehicle. But here a different and far more pleasant view was presented. Immediately on leaving Trieste we saw numerous "Pennsylvania Wagons," heavily laden with merchandize, drawn by three, four and five spans of large horses, while we were constantly meeting wagons loaded with lumber consisting principally of boards and ship timber from the vast Forests of Pine, Larch, and Oak that abound in Austria and Bohemia. After travelling, as we had been, for months in countries either barren always, or wholly denuded, it was quite refreshing to see natural Forests again. I think we met between Trieste and Laybach at least 300 loads of lumber. Many of the teams are driven by Women. You see cows yoked like oxen drawing heavy loads, though it is not as common here as in Italy.

The Railway from Vienna, which now terminates at Laybach, is being constructed to Trieste, though this is a herculean enterprise for most of the way the route is either through mountains or mountain gorges, which present apparently insuperable obstructions. A large proportion of the persons employed upon this work are females.—While Austria keeps up an Army 300,000 strong, I suppose that it is indispensable that its women should perform the labor of men, though I cannot get reconciled to the custom. Among the Peasantry of this country, however there is but little in-door work for females. Here is nothing of the domestic enjoyments which we possess and prize. There are no pretty Cottages, no tidy furniture, no pleasant Homes in which the hours of repose are enjoyed. Men and women labor like cattle and then go like beasts to their stalls or sties to be fed with the coarsest food. We talk of our privileges and our enjoyments, but oh! how little we *realize* of their value! If we could but see the condition of the toiling millions of the Old World, we should give grateful thanks night and morning to a bountiful Providence for casting our lot in such pleasant places and labor honestly and devotedly to preserve and perpetuate our institutions.

At Adelsberg, where we lodged, is a Cave or Grotto, into which Guides conduct Travellers some four miles. Its spacious chambers are decorated with stalactites. The interest of this Grotto is increased by the circumstance that the river Poik loses itself near its entrance, but is seen several hundred feet below the surface of the earth (in the Cavern) and finally reappears, taking another name, at Planina 12 miles distant. The stalactite forms floors walls, pillars, festoons, &c, for the Grotto. The Proteus amphibious in its nature, but inclining to the fish species is found in this Cave.

Laybach is pleasantly situated in a very fertile valley. It has about 15,000 inhabitants. There was a Congress of Sovereigns here in 1820. From this place we take the Railway for Vienna. The train leaves Laybach at 7 o'clock this evening and arrives at Vienna at 6 to-morrow afternoon.

Among the Travellers at the Hotel going to Vienna this evening are the Duke of Bordeaux (Henry V) and the Prince of Colonna. Both are young men. The former is Lame. The Palace of the latter, at Rome, is occupied by one of the newly created Cardinals, whose first Reception we attended, to see, as we did, what remains of Roman magnificence in the way of Beads, Robes, Diamonds and other valuable ornaments.

European travel has its novelties especially to an American. Its exactions try the temper of all though we stand them better than the English, many of whom scold and chafe from the moment they cross the Channel. If you travel Post every Post-Boy claims his bona-manna. If by Vetturino your Driver claims his at the end of the Journey. At Hotels though "service" constitutes an item in your bill, the Waiter Chamber-maid, Porter, &c, all stand ready to wish you a "bon voyage" in such polite and gentle terms that the appeal is irresistible. And then the "Secretary" with such consummate skill in working upon a bill that while you know beforehand what your Apartments and Dinner are to cost, the total frequently startles you.

The extortions I had to practice—in the way of fish dinners, which are at least ludicrous. If for example at Dinner you order fish for two, coffee for two, Sugar for two and Dessert for two, before either of these things you are sure to get enough for four. In a fashionable Hotel you are to pay but one night, Wax Candles are lighted in our Parlor and one—sometimes two—in each of your bed-rooms. These are charged at the rate of twenty cents each. You must therefore either submit to the imposition or pocket the Candles. The practical result is that your Countess and our baroness as well as Ladies without Title who at home would scorn to trouble themselves about Candle-ends, quietly slip them into their Trunks or Carpet Bags. They also fob various articles for which they pay roundly, but in a manner so stealthily that it has a petty larceny appearance.

While my hand is in let me make a clean breast of it. At our hotel in Vienna the charge for Tea was 40 cents. As we were paying six dollars a day for Apartments, and as the Tea consisted simply of a Dish of Tea and Roll we ordered only for two though our party consisted of four. And this is so common that those who do not practice upon it are exceptions to the rule. Some Travellers, it is said, hide enough of their Breakfast to make a Dinner. We content ourselves with pilfering a lunch from our Breakfast table. The justification for all this is, that you pay separately for each and every thing, and most exorbitantly for the "small rations." W

☞ A few evenings since, a "circle" of "believers" in Rochester were gathered around a table, when an experimenter called on the spirit of Samson to "shake the house." But the strong man did not come. Whereupon the manager of the "medium" said that the spirit of Samson had "progressed" so far that it would not condescend to exert a mere "physical force." With which reason all were apparently satisfied, and "communications" were resumed.—*Alb Atlas.*

SATURDAY MORNING, JUNE 12 1852

Rufus King, Wm H. Watson & John S Fillmore
PROPRIETORS
UNDER THE NAME AND FIRM OF
RUFUS KING & CO.

THE REYNOLDS AND MCNEIL CLAIMS.—Will the Milwaukee *Sentinel* do us the justice to say, that we have never carped at the legality or illegality of the claims set up by these gentlemen for the reason that we have not seen the whole of the testimony adduced before the Board of Public Works in favor of and against their correctness?—*Green Bay Spectator*

We give our cotemporary the benefit of its denial of a charge which nobody has ever made against it. The *Spectator* mentioned the fact that the claims referred to had been thrown out by the Board of Works, on the ground that it was the business of the Courts and not of the Legislature, to settle them, and remarked that, "if it were so, it would go far to keep such claims out of the Legislature hereafter." Upon which we suggested that if it was proper that claims of so small an amount should be adjudicated by the Courts then it was quite as proper that they should enquire into Mr Martin's claims, involving several hundred thousand dollars. Now the *Spectator* asks —

"Will the *Sentinel* have the goodness to inform the public the precise period when Mr Martin presented a claim to the Legislature, "involving several hundred thousand dollars?" And will it not also tell us how many hundred thousand dollars Mr Martin claims?"

Well—that is a matter of opinion. In some measure Mr Martin claimed last winter, and urged his claim through, to the passage of a bill which we, in common with thousands of others, insist will, if carried into effect, involve the State in debt "several hundred thousand dollars." The Court, as we understand it, will shortly decide upon the obligations of the law, and time only can develop the result. As to the second question, the *Spectator* must take care of it, it being a bantling of its own creation.

☞ The *Sentinel* publishes an article from the New York *Times* containing a sneer at General Pierce, because he was the son of an *unlearned* man!—*Morning News*

Is that an example of the truth and fairness with which the *News* intends to conduct the canvass? The article which we published was erroneously credited to the *Times*, having been clipped from the *Tribune*. It contains no such "sneer" as the *News* asserts and before that paper begins a war of the kind indicated, we commend to its consideration the question whether the saying that a man is "unlearned but honest and kind-hearted" be a "sneer." Perhaps the *News* would consider it a compliment to call a man "a learned scoundrel."

WOOL AND THE TARIFF.—Says the Janesville *Standard* —

"It seems that the present tariff works admirably in relation to wool growing—even better, if possible, than in other respects."

Well—perhaps our Democratic cotemporary can persuade the Rock county farmers of the truth of its assertion, and then again perhaps it can't be done. We have heard some of them express quite a different opinion. Perhaps, however, the *Standard* makes its assertion on the ground that "money is the root of all evil," and the less the farmers have of it, the better for them.

COOL.—The Green Bay *Spectator* after stating that the application of Mr Martin to compel the Governor to carry out the first Improvement Act, will be made at the term of the Supreme Court now rapidly approaching goes on to say:

"We shall not imitate the example of the Argus and Democrat at Madison and elsewhere in its attempt to prejudice the case in the estimation of the public. We infinitely prefer to have it go to the Court entirely freed from local or political bias or favor, to be tried tested and decided solely upon its legal merits."

Considering the fair, calm and unimpassioned manner in which the *Spectator* has thus far treated the question, the above looks as if its ammunition was nearly exhausted.

"IT'S STRANGE THERE SHOULD A DIFFERENCE" &c.—The *Wisconsin* is rather restive under the rebukes of the *News* and answers to the latter as follows:

"*A Dickinson Neophyte come to Judgment.*—We are not in the habit of commencing controversies with professed democratic journals, but when they begin the assault a proper respect for our own independence prevents us from remaining silent. It appears then, that the Morning News is so devoted to its damaged Daniel S Dickinson, that the few observations which we thought proper to make on his course at Baltimore are made the occasion of a personal attack on this journal."

Very well put! But the *News* is not to be silenced in that way and returned to the onset gallantly, saying:

"The *Wisconsin*, still holds its grudge against a portion of the democratic party, and takes the first opportunity for the exhibition of its spleen by grossly assaulting a statesman whom New York has long honored with her confidence.

* * * * *

We give that journal notice that we are prepared at all times to defend our principles and the characters of those who are meanly assaulted for maintaining them no matter from what quarter such assaults may come.

The platform of the Baltimore Convention with whose proceedings the *Wisconsin* pretends to be so well satisfied, is constructed upon the principles of those against whom it now directs its ill-natured tirades. The Convention has done the very thing that the Wisconsin a few days ago thought would be a very "foolish" transaction. Franklin Pierce, in accepting the nomination upon that platform has placed himself in the same category. Let us see then whether our unamiable friend will attack our candidate for President. We suspect not. He withheld his animadversions upon Mr Dickinson until he was quite sure there was no chance of his being the nominee, now he will make his grimaces to the fortunate one and bend the supple knee to him whose star is in the ascendant."

It is a very pretty quarrel—and we "don't care which whips."

BLOWING HOT AND COLD.—The Waukesha *Democrat* devotes a long article to a glorification over the Baltimore nominations, presaging the most astonishing success, but the true feeling peeps out in another column where, in a notice of the pranks played by the wild lightning in the telegraph office, it says:

"We at first supposed it to be the same light that bringing us the news from Baltimore, and really imagined that the *strength* of the nominations had smashed everything to pieces but subsequent events have shown that we were mistaken."

The italics are the *Democrat's* not ours.

FORT HOWARD GREEN BAY.—The *Spectator* says that Lieut Col Bonneville with the companies under his command were to leave for the East on the last trip of the *Morton*. Some 20 or 25 young men have enlisted at the Fort to accompany them to Oregon. Maj SHAW who was with Gen Scott in Chippewa and Lundy's Lane is to remain in charge of the government property.

☞ MR B CUNNINGHAM, of Rock Prairie, on a bet of $2,00 delivered to T P Williams, of this city 102 bushels of wheat from one wagon, drawn by one span of horses. He was accompanied by two men to see that the bet was fairly won. Who can beat this.

ENLARGED.—The Detroit Daily *Tribune* comes to us enlarged and in a clean new dress looking handsomely. The *Tribune* is a lively spirited, genuine Whig paper, and we rejoice at its prosperity, as indicated by its improved appearance.

HORSE.—Who has lost one? The Sheriff of Waukesha Co notifies all the world and the rest of mankind that a man who was arrested and is in jail, had in his possession a horse supposed to be stolen. He "is of a dark color, nearly black, and about 7 years old."

SUPREME COURT JUDGE.—The Beloit *Journal* speaks in deservedly high terms of Hon Edward V Whiton, as a candidate for Supreme Court Judge. That would be a proud day for Wisconsin, which would see a Bench inaugurated, composed of such men as Judge Whiton.

MILWAUKEE AND JANESVILLE.—A meeting was to be held yesterday evening at Janesville, to receive guarantees of subscription to the railroad which is to connect Milwaukee with that thriving town.

City Matters.

Fifth Annual Convention of Diocese of Wisconsin—Protestant Episcopal Church.

The Convention assembled at St Paul's Church at 10 A M, June 9th. Ante communion service read by the Rt Rev Geo Upfold, Bishop of Indiana. Sermon by the Rev Joseph Phelps. In the afternoon, several committees reported, a new parish was recognized, and the two following delegates appeared, Mr Dakin, from Waukesha and Mr Edgerton from Nashota.

N Y & ERIE RAIL ROAD.—This great road, magnificent in extent, and in all its appointments, providing speedy and comfortable transit from East to West at low rates, and conducted by men who understand their business thoroughly, has its arrangements completed from ports on the lake through.

Travellers who go by the Southern Michigan Rail Road take at this port either the *Baltic* or *Golden Gate*, and at Monroe, one of the three splendid boats, *Southern Michigan, Northern Michigan*, or *Empire State* which go direct to Dunkirk without landing and are forwarded at once to New York.

Travellers by the Michigan Central Rail Road take here either the *Arctic* or *Pacific* and at Detroit the *Keystone State, Niagara* or *Lady Elgin*, which go direct to Dunkirk.

Mr T D BUTLER is the Agent of the Line here and will give any information required.

A GOOD JOB.—The 3rd Ward Commissioners are having crossings put down at frequent intervals in East Water street, and the large stones taken away, which have so much disturbed locomotion lately.

We notice also that many of the merchants on the river side are filling their cellars with earth or with enough of it to raise the floor above the water. The great height of the lake and river is doing a large amount of damage in the city.

THE GOLDEN GATE.—This fine boat returned last evening from Chicago and leaves again this morning. She is 230 feet long 30 feet beam and 12 feet hold. Her cabin is 180 feet in length and neatly finished. Capt WHITAKER introduced his new craft to his old friends last night with a dance, and the party was gathering for a merry time when we went to press.

There will be a crowd this morning to see the *Arctic* and *Golden Gate* off. Carefully gentlemen! carefully!

CLOTHING.—Supposing summer to have come in with June—and the almanac insists that it has—it will be necessary for our people to prepare for hot weather. A second arrival of goods at Magie's extensive establishment fills up his stock and will induce a large attendance of customers to be well suited.

See advertisement.

☞ We would call the attention of our readers to the advertisement of Patent Galvanized Iron in another column. This article is represented as Rust-Proof, and if as stated, it must be of great importance to those engaged making in Roofs, Wire Fencing—Spikes Hoop Iron, &c which are particularly referred to.

BACK AGAIN.—The members of SUTTIS HOSE Co, who visited Chicago to attend the Firemen's Review, returned yesterday afternoon in the *Arctic* in fine spirits. The Secretary, Mr LEGGETT favored us with a liberal supply of cake as a relic of the bountiful refreshments furnished the Company by the Chicago ladies.

A CLIPPER.—The schr *Sam Hale* Capt. SHORTS leaves this morning with a valuable cargo on her *third* trip for the season. She left here on the first one, about the 1st of May. When that time is beaten Capt Hugh will try again.

REMOVAL OF TROOPS.—The citizens of Green Bay held a public meeting on the 3d inst which resolutions conveying their good wishes for the officers and troops about to leave Fort Howard, were moved by H S BAIRD, Esq, and passed—After this Judge HOWE presented the following resolutions, which were passed, and have doubtless been forwarded to the Department:

Whereas, The avowed purpose of reinvesting Fort Howard, two years since, with a military force, was to prevent any outbreak during the removal of the Menominee Indians, which tribe had then given evidence of none but the most friendly feelings towards the white population, and whereas such removal has not yet taken place, but on the contrary, the dangers of an outbreak has been greatly increased by the excited state of feeling engendered in said tribe by an unfortunate controversy touching the parentage of a child claimed by a Menomonee woman.

Therefore Resolved That in the opinion of this meeting to withdraw from this Fort, the restraining influence of the command now here is highly injudicious and will tend to encourage a disposition to violence, of which said tribe have already give alarming evidence.

"WHO IS MR PIERCE?"—The Cleveland *True Democrat*, the organ of the Freesoilers of Ohio knows Mr Pierce. Here is what it thinks of him:

"He has been noted for many years as a leader of the Democracy of New Hampshire. He is claimed to be a man of fine talents and respectable character, he has figured at home as a lawyer and been known abroad as U S Senator, and a General in the Mexican War. No man could have been or could be more strongly partizan and no partizan, North or South has been or is more subservient to "Slavery." Mr Pierce made the first onset against Hale, when he dared first to say there was a Constitution and a North under it and sought to ostracise him therefor. He has been, from the days of the Atherton Gag, consistent in opposing the Right of Petition—every movement to free the District of Columbia from Slavery, and any attempt to sever the General Government from all connection with that curse. He was the staunchest defender of the Compromise and Fugitive Law when those measures were proposed and is pledged not only to uphold them *by all the means in his power*, but to veto any bill which shall change the purpose or impair their effective operation. This we believe to be a true representation of the Democratic candidate."

AN ACCEPTABLE CANDIDATE.—Senator KING, now a candidate for Vice President is an advocate of the right of Secession and committed to it by letter, must be a very acceptable candidate for some of the northern democracy!

DROWNED.—A passenger was knocked overboard from the schooner *Glynaccor* in Milwaukee last week Tuesday, and drowned. Name not given.—*Port Washington Blade*

Where does the *Glynaccor* hail from?

NATURAL MISTAKE.—The *Courier* says that Mr Pierce has been Governor of New Hampshire—Our neighbor had been pondering over the democratic platform, and finding that its chief features were the Declaration of Independence and the resolutions of '98, very naturally supposed that the candidate was Gov Pierce, the father of Franklin, an officer of the revolution, and a cotemporary of the Signers.—*Buffalo Express*.

Correspondence of the Daily Sentinel

MONTELLO, May 31st, 1852

Messrs Editors.—After exploring the region about Kingston and Marquette, and making the ascent of Mount Moriah, we came to this place, situated on "the Improvement" at the foot of Buffalo Lake. Like all other new towns (if we may believe its citizens,) it has its many advantages over the rest of the world and particularly over any other place along the line of the Fox river improvement. There are quite a number of new houses here, many of them, like our fine large hotel not yet finished. It is feared by some that the suspension of the work by order of the Governor will also suspend the completion of the houses! Governor Farwell has a great many sins to account for! We had the good fortune here to meet the honorable Commissioners and Engineer, having this important public work in charge. They attempted to navigate the river in a small row-boat but found so much difficulty, that at Packwaukee they abandoned it and reverted to the primitive method of transportation on wheels. The steamboat Jenny Lind that passed here some time ago, has not yet reached Portage. Another boat was expected up on Saturday but failed to arrive—the engine, it is said, not having sufficient power to propel the boat against the *rapid* current of the river. Yesterday we had an opportunity of observing a very novel method of transportation on this famous improvement. A scow, moved by four horses is run ahead of a fleet of barges loaded with lumber to the length of a long rope and anchored like a pile-driver in the middle of the stream, but the horse continuing then everlasting round wind up the rope and haul after it the barges. The horse boat is then again moved forward to the length of the rope, and this process is repeated during the whole voyage. About six miles is the average speed of this mode of conveyance, and the Captain deemed it a matter of especial pride that he had been able to actually progress ten miles in one day. The lumber is destined for St Louis, thus beginning a new trade which may hereafter grow into one of great importance when steamboats are able to navigate the river at their usual rates. Lumber from Wolf river, will be a new article on the Mississippi.

Much dissatisfaction is expressed here against Governor Farwell for *stopping* the work on the improvement by persons who know but little of the facts, or of the nature of his action on the subject. It is rumored that he is about to stop the operation of the dredge boat, now working its way down from Fort Winnebago endeavoring to make a navigable stream out of this shallow and crooked Fox river. It is enough for the people here to know that the work is suspended, and that the Governor is the one that caused the suspension—the reason for his interference is no concern of theirs—not at all. But the truth is that the work is *not* suspended except under one contract only, the remainder, including the dredge, not being affected, either way, by the decision of our worthy Governor not to violate the constitution by saddling upon us a vast state debt for the benefit of a small section of the state. Time will show that he is right. The state has already contracted some pretty heavy bills, which must be paid, fund or no fund—item the Portage claim, allowed last winter—many more of the same sort only awaiting the result—the overflowing of immense tracts of land about Lake Winnebago—the difficulty at Menasha, &c, &c.

Political Matters

We commend to the perusal of our readers and to the careful consideration of our Democratic friends the following extract of a letter written by HENRY C CAREY, one of the editors of the *Plough the Loom and the Anvil* to a cotton-planter in Tennessee. The argument we think must be conclusive to the mind of every candid reader:—

"In conclusion let me now ask of you a few more questions. What is it that you desire? Is it not that cotton may be high and that cotton goods shall be cheaply furnished to the world, so that consumption may be large? Such certainly is the case. What then is it that the Manchester manufacturer desires? Is it not that cotton may be low and cotton goods may be high? Unquestionably it is so. Are not then the objects you have in view directly opposite to those of the Manchester man, and is it probable that you and he can be benefitted by the same course of policy? It seems to me quite impossible that you should look now at the facts. He opposes protection in Germany, and yet under protection you have had your market increased in fifteen years from 40 to 140 millions of pounds. He opposes protection in Russia, and yet under protection you have had your market increased fifty per cent in four years. He opposes protection here, and yet under protection you had your market doubled in five years. He advocates free trade in Ireland, Turkey and Portugal where you have seen your market diminished from year to year. He insists on what he calls free trade with India by aid of which you have seen the cotton of that country forced to England, there to swell the quantity seeking a market, with corresponding diminution of price. He advocates here that which in Manchester is called free trade—the system which tends to limit you to one market in which to sell your cotton and buy your cloth—and yet under that system consumption declines from year to year. He desires that you should send him much cotton that he may have it low. You pray for frosts and drought that he may be compelled to pay high prices for it. He seeks to promote the cultivation of cotton in Liberia and Southern Africa and you desire that there it may not be cultivated. He seeks to substitute flax for cotton, and you desire that he may not succeed. There is thus a direct opposition in regard to the objects everywhere to be accomplished, and in the measures everywhere to be pursued for the accomplishment of those objects, and yet the mass of your fellow planters look to those very men, whose interests are so opposed to their own for instruction as to how they are to defeat them and benefit themselves, and they rejoice when Manchester acknowledges the benefit she has received at their hands of Mr Walker, *in destroying the competition for the purchase of cotton* for that is the direct effect of the tariff of 1846."

DISTINGUISHED LIBERALITY.—Henry D Bacon, of St Louis has offered to take stock in the mercantile Library Association of that city, to the amount of $20 000 for the purpose of aiding the young men of that city in the erection of a splendid Mercantile Association Hall, if the balance of the stock necessary can be realized by subscription. The remaining amount is $30,000. This is certainly an instance of princely generosity to literary institutions for which the natives of New England are famous. It is needless to say that Mr Bacon is a son of Massachusetts, and one of the most enterprising and richest commercial men of St Louis.

GENERAL SYNOD OF THE DUTCH CHURCH.—The General Synod of the Reformed Protestant Dutch Church in North America convened at Williamsburg N Y on Wednesday and was organized by the choice of the following officers: Rev Gustavus Abeel D D of Newark, President; Rev O H Gregory D D, Assessor; and Rev Messrs Halloway and Strong, Clerks. The classes were well represented, about 74 members being in attendance.

LOOK OUT!—Engraved checks drawn by W C Wile & Co on the Bank of Central New York bearing the similitude of Bank notes, and printed upon bank paper, have been put into circulation at Buffalo. It is supposed that the design is to circulate the checks in buying produce at the West and Detroit and Chicago dealers might as well look out for them as they are represented to be well calculated to pass as Bank Bills, which they are not.—*Detroit Free Press*

THE STEAMER AT ONTONAGON.—We see by the Lake Superior Journal, that this little craft, which stopped a few days ago on her way to the Sault has arrived there, and instead of being hauled over in the round the falls, is being taken up the falls themselves. When the Journal went to press she was half way up the foaming current with a fair prospect of reaching Lake Superior in two or three days.—*Detroit Ad*

☞ Judging from the manner in which the Plaindealer rejoices over the exploits of the recently discovered hero Gen Pierce, the Locofoco organs are rapidly recovering from their attack of horrors occasioned by the probability of the Whigs having a military man for its nominee.—*Cleveland Herald*

COMIC ERROR.—The Buffalo Express gives the following specimen of telegraphing: We last week transmitted an order to New York by telegraph for 500 "Ivory *Cards*," 12 by 16 inches. When delivered from the Telegraph office there, it read 500 Ivory *Combs* 12 by 16 inches. Something peculiar must have been running in the head of the operator to have to this change of the articles ordered.

☞ Senator Douglass pledged the Baltimore Convention that Illinois would give Pierce a large majority than any other State in the Union.

This reminds us of a certain personage promising to give away all the kingdoms of the earth *when he didn't own one of them.—Chicago Journal.*

By Last Night's Mail.

Baltimore, June 8

The New Orleans' mail brings dates as late as due. The application of A G Sloo for the right of way across the Isthmus of Tehuantepec passed by the Mexican House of Representatives by a vote of 60 to 20—asks for exclusive right of way across the Isthmus for 40 years with a grant of a league of land on either side of the road.

He binds himself in one year to build a plank road across the Isthmus, and as soon as the travel will justify it, a Railroad, Mexico to receive 2/3 of the receipts of the route, and at the expiration of that time the road is to revert to Mexico who is to pay the grantee or his heirs 2-3 of the receipts for 40 years.

The other features of the grant in relation to transit duties, &c are similar to those in the Garay grant—both parties to the grant to be represented in the manage of the company.

On the 7th of May, the Revenue officers in Vera Cruz commenced seizing the goods of merchants who had refused to enter them under the tariff rates of the existing laws. The tariff subject was still agitated.

One, a Mormon from Ohio was confirmed. The Senate also confirmed the consul at Singapore—The great ratification meeting is to come off on Wednesday evening.

The A M session of the House was yesterday consumed in discussing the bill appropriating ten millions of acres of public land to indigent insane. The measure will no doubt pass by a very large majority.

The House refused to suspend the rules in order to allow of the reception of a petition asking for the passage of a law granting to Thos Francis Meagher the rights of citizenship. There is much business of a miscellaneous character in the Senate.

Washington June 7

The *Intelligencer* of this morning speaks dignifiedly upon the nomination of Gen Pierce for President and thinks he has experience sufficient to qualify him the office, though he is comparatively obscure.

Mr King is highly lauded.

The *Republic* reviews Mr Pierce's course in Congress and calls him a thorough old Hunker, and proves that he is opposed to Harbor and River improvements, as also railroad and other internal improvements and further that he strenuously opposed while in the United States Senate the bill for the relief of the widow of Gen Harrison.

Mr King is represented as a chivalrous, honorable and competent man.

New York, June 8

Kossuth and suite arrived here last evening.

The Democratic City Com last evening resolved to hold a grand ratification meeting to come off to-morrow evening. Many eminent speakers are expected.

The Common Council has passed resolutions tendering the hospitalities of the city to Thomas Francis Meagher—also a public reception.

The village of Franklin Fall on the Saranac river three miles west from Keesville, consisting of about twenty-five families mostly depend on upon the working of extensive saw mills was entirely destroyed by fire on the 23d ult. burning up all the dwelling houses, saw mills and other buildings with a large quantity of sawed lumber, in one united conflagration.

Boston, June 6

General Pierce for the present, declines meeting his fellow-citizens publicly. He has also declined the public reception at Concord N H, tendered him in a telegraph dispatch received to-day, and will leave the Brattle House Cambridge, to-morrow morning for Northampton, where he will remain some days. Mrs Pierce is with him, and in delicate health. He goes to Northampton on her account.

Richmond, June 6

The nominations especially that of Wm R King, have been well received. Virginia having set the Pierce ball in motion, seconded by North Carolina—he is hailed as the Virginia candidate.

Petersburg, June 6

Dispatches from our Delegates vouch for Pierce being a good man and true and the nomination is well received.

Wilmington, June 6

Pierce and King are most acceptable to the democracy. Our delegates pronounce Pierce the nominee of the South.

Sandusky City, June 3 1852

As the train was leaving Mt. Vernon with six cars containing a party of citizens from Zanesville who were coming to Sandusky for a pleasure excursion on the Bay and islands, the locomotive took the wrong side of the frog at the switch which threw it from the track, killing instantly Mr Stacey hotel keeper, of Zanesville, who was riding on the tender at the time. The engineer was also badly injured, and this morning it is feared he will not recover. The whole party returned to Zanesville.

Philadelphia Sunday June 6

Last night, at a tavern on Spruce street, Geo Nugent shot John Pearson through the lungs—the wound will probably prove fatal. Pearson had seduced a sister of Nugent's and subsequently married her, but it has been since discovered that he has a wife and children living in Ireland.

THE NOMINATION.—The nominee Gen Pierce, we know little of. We only know he has been a U S Senator, Governor of New Hampshire, and a General in the Mexican war. We know too from these offices that he has been of the Democratic party. There our knowledge ends for the present. We do not know his views on any particular measure or his action in time past. We may learn what he has been soon, but at present we know nothing. We shall therefore say nothing in favor or against him now, for we have nothing to say.—*Racine Advocate*.

BUSINESS AT RACINE.—The *Commercial* reports the following item, for the week ending June 9th:—

ARRIVED—33 steamers 15 sail vessels 200 000 ft lumber.

CLEARED—33 steamers 15 sail craft 2000 bbls flour 150 do pork, 200 do high wines and 21000 bus wheat.

LEAD.—The receipts and shipments have been heavy during the week. One dealer, we perceive however appears to be holding on, and has shipped but moderately during the past few weeks, notwithstanding the advance. We do not learn of sales to any considerable extent—smelters and dealers not being able to come to terms—he for mer asking $4 20 and the latter not being willing to accede to the demands. The sales it any has been in all of the past two weeks, both parties holding off until the market becomes settled at some price.

The amount of Lead shipped the past month and for the same month last year is as follows:

May 1851 pigs	71 890
May 1852	54 659
A falling off of pigs	17,231

It is questionable if there is a quantity in the hands of smelters sufficient to make up the aggregate falling off from last year—the accounts standing as follows:

1851, pigs shipped to June 1,	170 323
1852,	169 104
A falling off of	61,219

But it is the general impression among lead dealers that the diminution of the product of the mines in 1852 under that of 1851 will be less than was generally supposed.

MINERAL.—We have not much of importance to communicate from the diggings. The rise in lead has stimulated miners generally and $2 00 is asked in some quarters for mineral though it is believed few sales have been made over $20 50 at the diggings.—*Galena Adv*

DR. HOOFLAND'S GERMAN BITTERS.

This celebrated medicine is one of the very best in the country, and its good qualities only need to be known, to give it precedence over all others now in use. We have seen its good effects lately, after the total failure of many others. This is saying more than we can for any other medicine within our knowledge, and we feel it a duty to recommend the Bitters to the notice of our friends. The genuine is prepared by Dr C M Jackson Phila.

DR. STORM'S CELEBRATED SCOTCH COUGH CANDY.

Thousands in the United States who have used this delightful medicine have testified to its efficacy as a remedy for Pulmonary Affections.

Eight Thousand Five Hundred packages of this justly celebrated compound, were sold in St Louis from December 1st to February 28th and from the testimony of the druggists of that city, the public may reasonably conclude that the inventor has been guided by the highest principles of medical science.

The Candy is neatly put up with directions for use. A handsome engraving of the Scottish Coat of Arms and the written signature of Hamilton Wade (proprietor) is on the wrapper of each roll and package.

Price One Dime per Roll, 3 Rolls for 25 cents, or $1 per dozen.

Meeting of Whig Delegates.

New York, June 11

Pursuant to the notice of the Whig State Central Committee a meeting of the Whig delegates to the Baltimore Convention was held this morning at the Astor House

Mr Fiske of Kingston called the meeting to order On his motion Judge Granger was appointed Chairman, and Mr Barker Secretary

The roll of delegates was called and then ensued much strong discussion about contested seats, but nothing definite was done

Freshet in Genesee River.

Rochester, June 11

A heavy freshet in the Genesee river has again carried away part of the Genesee Valley Canal Damage said to be larger than before, and will probably interrupt business a month

From the Cincinnati Gazette

Novel Settlement—Curious Movement.

On Friday we met with a gentleman from Western Virginia, making purchases of dry goods and groceries for a store, the connections with which are worth noting

A colony of sixty persons gathered from Northampton, Mass Brooklyn and Auburn, N Y all firm believers in what is termed the *Spiritual Philosophy*, (announced by A J Davis, *et al*) have purchased 9 000 acres of land in a splendid location about forty miles from the head of steamboat navigation on the *Kanahwa* and fifty miles from Charleston Va, upon which they have settled They do not have a community of property but each man is steward of his own substance—"maintaining Unity of Faith in the Bonds of Peace"

In general they receive all their spiritual and temporal advice from the spirit world, although they do not consider directions from this source infallible, but submit every "communication" to the test of reason Most of the parties interested in the movement are men of some wealth, and all are said to be well educated and refined people The object aimed is spiritual and integral development which they expect to promote by living in one community

On the property purchased, are mills a tavern stand post office and store, and it is for the latter that our informant was purchasing supplies—Among the emigrants is Rev T L Harris, of New York who is to edit a weekly paper soon to be established by the Society

☞ The wheat crop of Wisconsin bids fair to be the richest we have ever had If a Whig Tariff was in vogue, the farmers might reasonably expect remunerative prices and a home market—*Green Bay Spectator*

☞ The papers are talking of a "new kind of brick" which is being used in New York It is nothing but the yellow brick which has been used in Milwaukee since the "year one" of that city—*Cleveland Herald*

KILL YOUR RATS! SLAY YOUR MICE!

Exterminate your Bugs!!

THE Celebrated RAT AND MICE EXTERMINATOR is the only article that has yet been discovered to effectually remove vermin

The great objection to other poisons is that although they destroy the Rats, still the unpleasant smell arising from the dead carcasses renders the remedy worse than the disease

The Exterminator from the chemical combination of its ingredients, destroys not by poisoning but by an immediate EXPLOSION destroying all the causes of effluvia with life It has also the singular effect of creating such a PANIC that in a short time no Rat Mouse or Roach will be found harboring near where it is used Hotels Boats and Out Houses can be speedily freed from them by a few applications

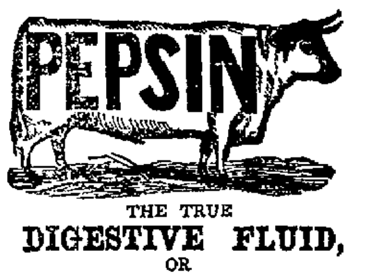
PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851 by J S HOUGHTON, M D in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S

GREAT DYSPEPSIA CURER!



THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE

PREPARED from Rennet or the fourth Stomach of the Ox after directions of Baron Liebig the great Physiological Chemist, by J S Houghton, M D, Philadelphia, Pa

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent the Gastric Juice

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve Five Pounds of Roast Beef in about two hours out of the stomach

PEPSIN is the chief Element or Great Digestive Principle of the Gastric Juice—the Solvent of the Food the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy Stomach It is doing wonders for Dyspeptics, curing cases of Debility Emaciation, Nervous Decline, and Dyspeptic Consumption supposed to be on the verge of the grave The scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry says "An Artificial Digestive Fluid, analogous to the Gastric Juice may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested just in the same manner as they would be in the human stomach

Dr Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells New York page 35, states the same great fact and describes the method of preparation There are few higher authorities than Dr Pereira

Dr Combe, in his valuable writings on the "Physiology of Digestion" observes that a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia and he states that "a distinguished professor of medicine in London who was severely afflicted with this complaint finding everything else to fail had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful

Dr Graham author of the famous works on "Vegetable Diet" says "It is a remarkable fact in physiology, that the stomachs of animals macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process

Professor Dunglison of the Jefferson College Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject—His experiments with Dr Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known "In all cases" he says, "digestion occurred as perfectly in the artificial as in the natural digestions

Dr John W Draper, Professor of Chemistry, in the Medical College of the University of New York, in his Text Book of Chemistry page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be

Dr Carpenter's standard work on Physiology which is in the library of every Physician and is used as a Text Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin and the fact that it may be readily separated from the stomach of the calf or ox and used for experiments in Artificial Digestion or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice

All modern works on Chemistry, Materia Medica, and Physiology and all good Medical Dictionaries describe the character and properties of PEPSIN and state many interesting details respecting it

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared does not admit of question The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind

AS A DYSPEPSIA CURER.

Dr HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility Emaciation, Nervous Decline, and Dyspeptic Consumption It is impossible to give the details of cases in the limits of this advertisement, but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs after a long sickness Also for excess in eating and the too free use of ardent spirits It almost reconciles Health with Intemperance

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once No matter how bad they may be it gives Instant Relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated for a short time to make these good effects permanent Purity of Blood and Vigor of Body follow at once It is particularly excellent in case of Nausea Vomiting Cramps, Soreness of the pit of the stomach, distress after eating low cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity Suicide, &c

Dr Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians

Private Circulars for the use Physicians, may be obtained of Dr Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J S HOUGHTON, M. D., sole proprietor, Philadelphia, Pa Copyright and Trade Mark secured

☞ Sold by all Druggists and Dealers in Medicine

Graefenberg Medicines

HAVE YOU USED THEM?

AS popular medicines, prepared carefully and scientifically, and adapted to the wants of the American public they have no superiors They are emphatically what they are represented to be, *genuine*, and free from *Humbug*, intended as much to *cure* as to *sell* Wherever used, they are universally relied upon, and *no Family* should be without these truly valuable aids to *Health* In many instances the *regular faculty* recommend and use them, such is their force over the prejudices of those so generally opposed to the circulation of POPULAR MEDICINES *No Family Physician* in ordinary cases, is needed by those who own the *Graefenberg Manual of Health* and strictly abide by its directions in the use of the medicines

A word to the *wise* is sufficient without the publication of certificates of which we have of the most flattering description always open for the inspection of the incredulous

We will enumerate in conclusion the various preparations of this Company, which may be found in every town in the State and throughout the Union

THE GRAEFENBERG SARSAPARILLA is purely vegetable *no big bottle humbug*, or pleasant drink, but *as it should be a Medicine* of the greatest power in promoting an entire change in the system, by extracting the impurities of the blood which are the seeds of almost incurable diseases in man

THE GRAEFENBERG DYSENTERY SYRUP—Public approbation has stamped upon it the character *Perfect* It has checked the ravages of *Cholera* in its last stages and for bowel complaints it has no equal

THE GRAEFENBERG VEGETABLE PILLS are particularly valuable for the prevention and cure of *Fevers* in general They act gently, naturally and surely and in connection with our *Health Bitters*, are a certain and speedy cure for the Fever and Ague The *Bitters* have a wonderful effect in invigorating a debilitated system

THE GRAEFENBERG GREEN MT OINTMENT—In reducing inflammation healing burns bruises, and all injuries to the body we can confidently recommend this salve to all as being most efficacious In the *Mineral Region* of our State its merits are universally appreciated

THE GRAEFENBERG EYE LOTION—An unprecedented article, but one which meets with large sales in the West, and has been the humble means of relieving thousands from intolerable pain arising from injured or diseased eyes Try it

THE GRAEFENBERG UTERINE CATHOLICON—This is perhaps the most valuable medicine of this Company, inasmuch as it renders cases desperate of by the most scientific physicians For Prolapsus Uteri and all complaints incident to *females* it will be found a safe and speedy remedy *Let no afflicted woman* be deterred by delicacy or prejudice from giving it a fair trial Inquire of the agent for the pamphlet in relation to it

THE GRAEFENBERG PILE OINTMENT, CHILDS PANACEA, &c are all invaluable remedies directions for which and all the medicines are attached to each

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May 1849 in the Philadelphia Daily Times, and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the Woodworth Patent, shortly after I had [illegible] PATENT STATIONARY CUTTER, PLANING, TONGUEING AND GROOVING MACHINE, throughout the United States.

"PLANING MACHINES.

"I take this method of answering the frequent inquiries by letter [illegible] as to my opinion upon the various [illegible] through the papers, of the Stationary Knife Planing Machine, attempted to be palmed off upon several persons [illegible]. I would state [illegible] that [illegible] the several pretending inventors described in the 13th volume of the Repertory of Arts, [illegible] by Samuel Bentham in the year 1791. A like machine was [illegible] in this country [illegible] some sixteen years since [illegible] put up by Albert Richards of West Troy, N. Y., and abandoned about the same time. I ought to say to the public that after fifty eight years experiment upon these machines, not one in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use or to any offered by the pretending inventors, at the cost of one machine and five per cent for my trouble.

JAMES G WILSON
May 19 1849 Philadelphia."

I deny that any person ever saw or heard of such a machine [illegible] until I invented the same. Said machine was [illegible] in the month of August, 1848, and no machine before [illegible] could do [illegible] do it as well as mine. [illegible] to the above advertisement, and in order that the public [illegible] what I say I will offer to [illegible] ONE THOUSAND DOLLARS against an equal amount [illegible] said Wilson, that ONE of my machines will [illegible] with less power, as much lumber [illegible] and do it as well, or better than TWO of the Woodworth machines. The trial to be made at [illegible] Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

THE subscribers, thankful for past favors, beg leave to announce that they have recently [illegible] the Foundry [illegible] to their former occupation of Millstone manufacturing, and are now prepared to supply the public with [illegible] in either branch, on terms that will defy competition.

In offering our Stoves to the community we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
DOUBLE OVEN COOKING STOVE.
(Which received the First Premium at the State Fair lately held at Janesville,)

Possesses great advantages over every other stove for [illegible] fixtures and direct action of the [illegible] either or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH single oven takes in long wood. Is an excellent stove—one that has been well tested and given general satisfaction.

The PREMIUM is different in its construction from any other made in the arrangement of the flue, and is acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauty of the open grate. It is beautifully ornamented, highly finished and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plate getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do who buy Eastern ware.

Those who are in want of an article in our line will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

SALAMANDER SAFES

WILDER'S PATENT AND RICH'S PATENT COMBINED.

$100 000 SAVED.

Eleven safes of different makers [illegible] with their contents. The safe made by Rich & Co. alone brought out its contents without a mark of fire upon them.

MR. GILBERT'S LETTER.

THE FIRE IN FLETCHER AND PEARL STS. NEW YORK.

New York, Dec 20 1851

Messrs Stearns and Marvin, successors to C. Rich & Co., No 146 Water street, New York—Sirs: [illegible] was consuming my place of Business, No 211 Pearl street. I was absent [illegible] County, testing [illegible] connected with my Excelsior Thresher [illegible] it was too late to save my books, which were placed in one of your safes purchased from Mr Marvin some years ago. My fears were not allayed when I found it necessary upon my return [illegible] the Croton Water [illegible] hours before it was [illegible] to commence operations, after which it required 51 hours of labor and application to remove the safe from [illegible]. You may judge of my anxiety during this time, and my perfect surprise upon opening in the presence of a number of gentlemen to find my books and papers saved and as legible as they were previous to the fire. The intense heat to which the safe was subjected can be conjectured from the condition of another safe (not a salamander) of which an iron skeleton frame only remained and not a vestige of a book. They were companions in the same office on the second floor, from which they fell upon crates of earthen ware in the cellar, the ruined safe upon the Salamander. If the position had been reversed not even the skeleton would have remained. My loss over the insurance is $1,900, yet the salvation of my books in your Salamander will be represented by $100,000, and important documents which could not be duplicated has fully compensated me.

It will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits, at my present office No 281 Pearl street, where I shall remain until the new building No. 216 is erected.

Yours respectfully JOSEPH G GILBERT

The undersigned invite country merchants and those interested in the preservation of their books from fire (but particularly those having Rich's Safes in use) to call at the depot 146 Water street, New York, to see the interior of Mr Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris called a

"Conformateur"

from which the above cut was taken. By it we can take the exact shape and unerringly *fit* the most irregular heads. Many can testify to the inconvenience and annoyance, and actual pain they are subjected to in breaking in Hats that will not fit them. By this ingenious contrivance, this great annoyance is done away, as the Hats are made to fit perfectly the first time.

Another great advantage is by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat to call and leave an impression of their head, and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operation of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made at the extreme low price of $1.25, surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers we do so with the confident assurance they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat and are willing to save 25 per cent, to call and see us.

HAWKINS' STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey
BARRELS,
and PIPES or HOGSHEADS at the rate of
600 Whiskey or 800 Flour Barrel Staves
PER HOUR,

straight, winding, or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length, of any reasonable width and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters, and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines, and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system. It prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate, whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement or is the result of external injuries, all the pain exercises its influence throughout every portion of the human system—not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. [illegible] happy while suffering its torments.

RADWAY'S READY RELIEF
In a few seconds
WILL STOP THE MOST DISTRESSING PAINS

Its effects are like electricity, it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane and [illegible], establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.
PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE

The use of Morphine, Strychnine, Aconitine, Belladonna, Veratria, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and destroy nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed and the intellect destroyed.

RADWAY'S READY RELIEF
IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhoea, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.
PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER
CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidneys, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
White in as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck.
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAY'S MEDICATED SOAP

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases

TO THE COMPLEXION IT IMPARTS BEAUTY

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And healthy action to the skin restored,
To the face it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff—gives action to the bulbs,
Fastens the hair upon the scalp and forces it to grow—
Like guano to a barren soil, it makes it rich and productive —
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c

HOOFLAND'S CELEBRATED GERMAN

BITTERS.

Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED
(From the Boston Bee.)

The Editor said, Dec 31: "Dr Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY

One of the best literary papers published, said, August 25: "DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says: — "It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says: — "Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says: — "The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia and Nervous Complaints."

The Daily News, July 21, says: — "A Medicine — We speak knowingly of Dr. Hoofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says: — "As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting great cures and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer manufactured by White & Co., of Buffalo, which is a worthless imitation, and the pamphlets a "BASE FORGERY," which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis Pain Killer will prosecute any person engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds, such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c &c, all of which have been got up on the reputation of Perry Davis' Pain Killer. The public are cautioned against these mixtures.
